

La Cerf Qui Avait Vraiment Faim!

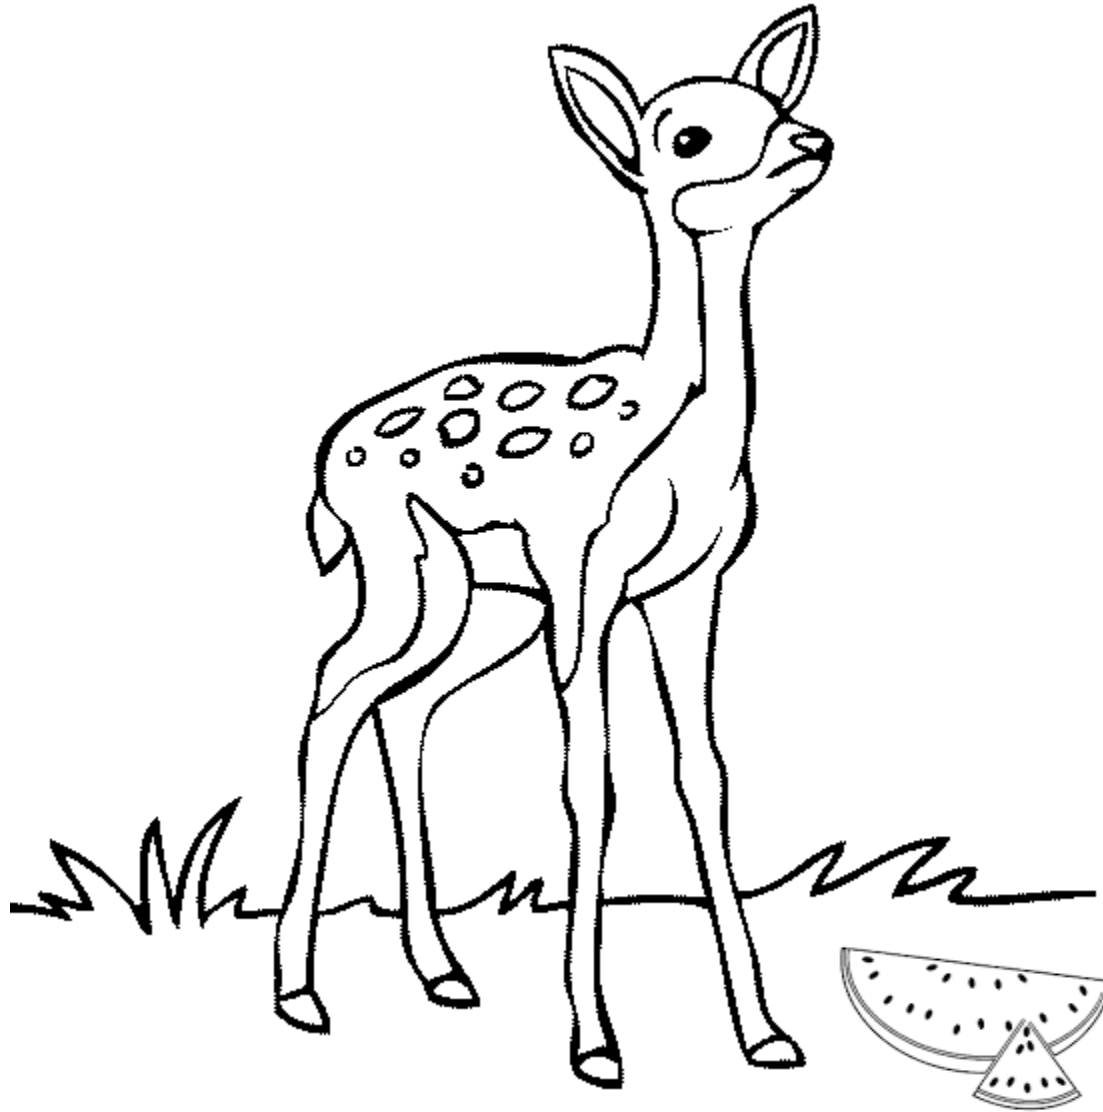

De Hélène Kurnatowska et Alexandra Fowles

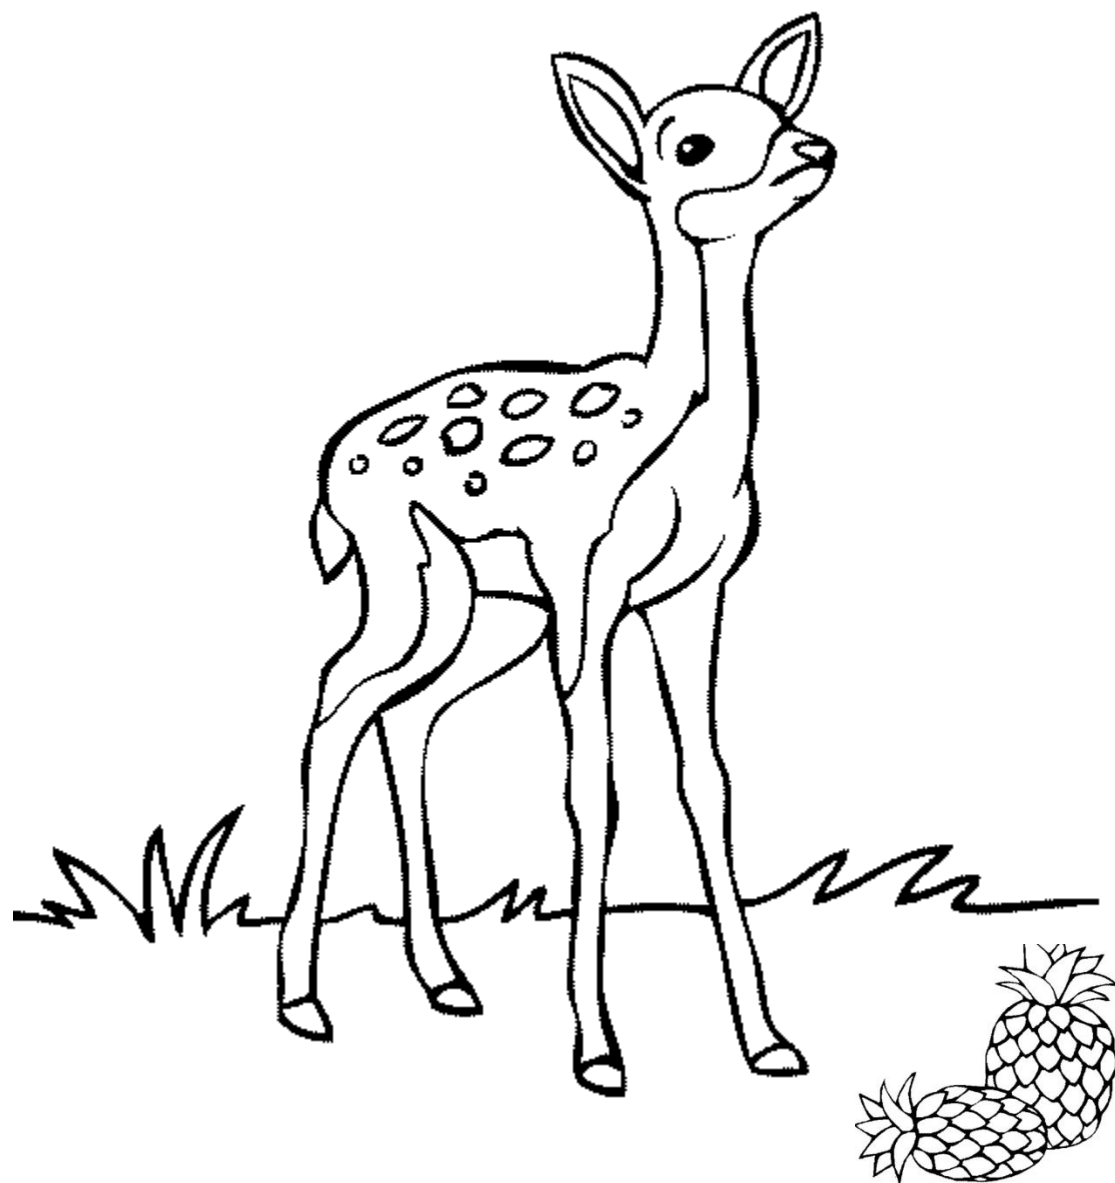

Il était une fois, il y avait un cerf!

Il était fatigué et il avait faim.

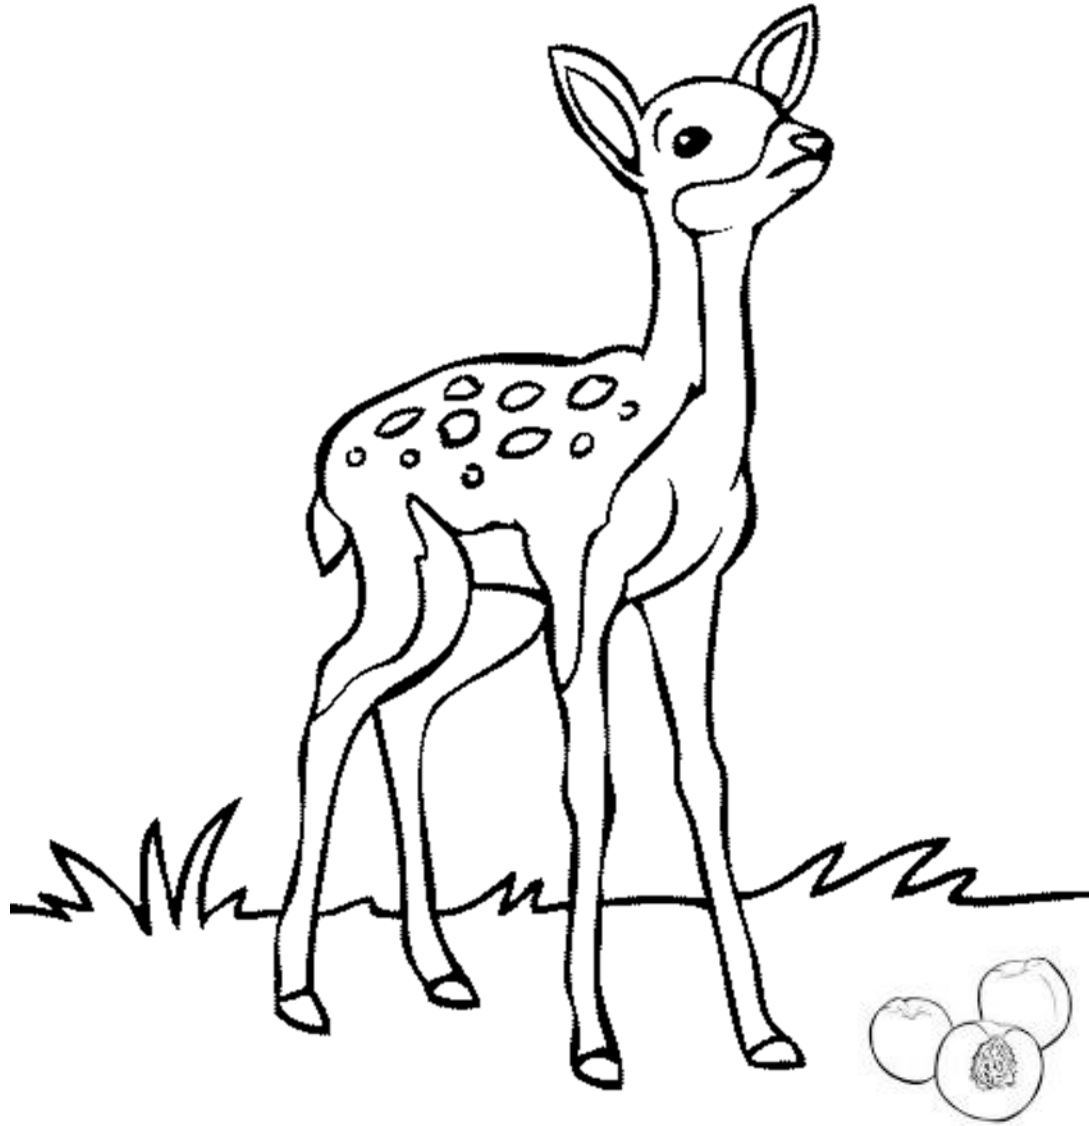

Lundi, il a mangé une pastèque, mais il avait toujours faim!

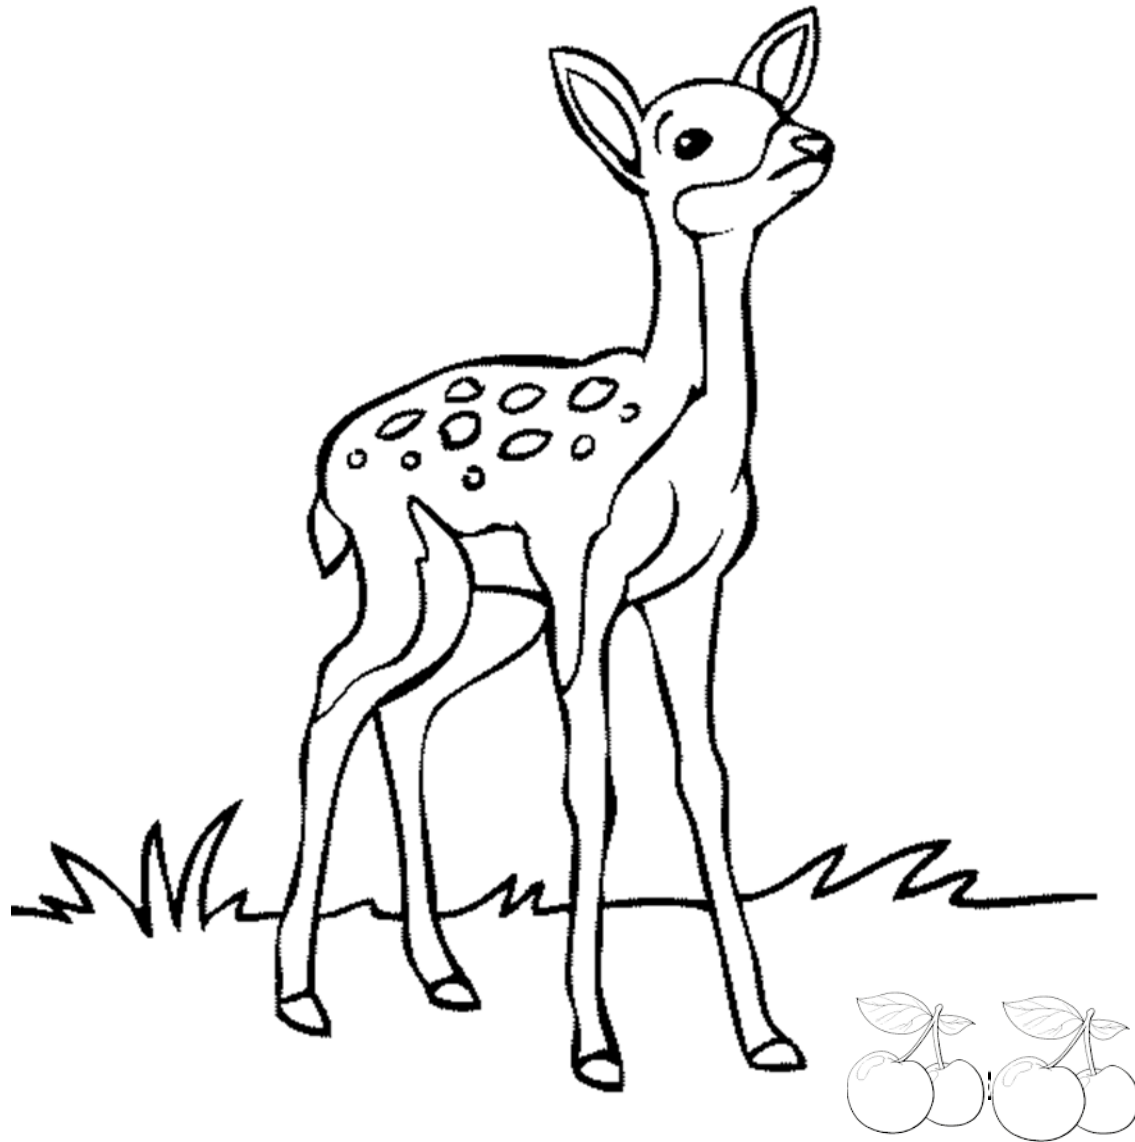

Mardi, il a mangé deux ananas, mais il avait toujours faim!

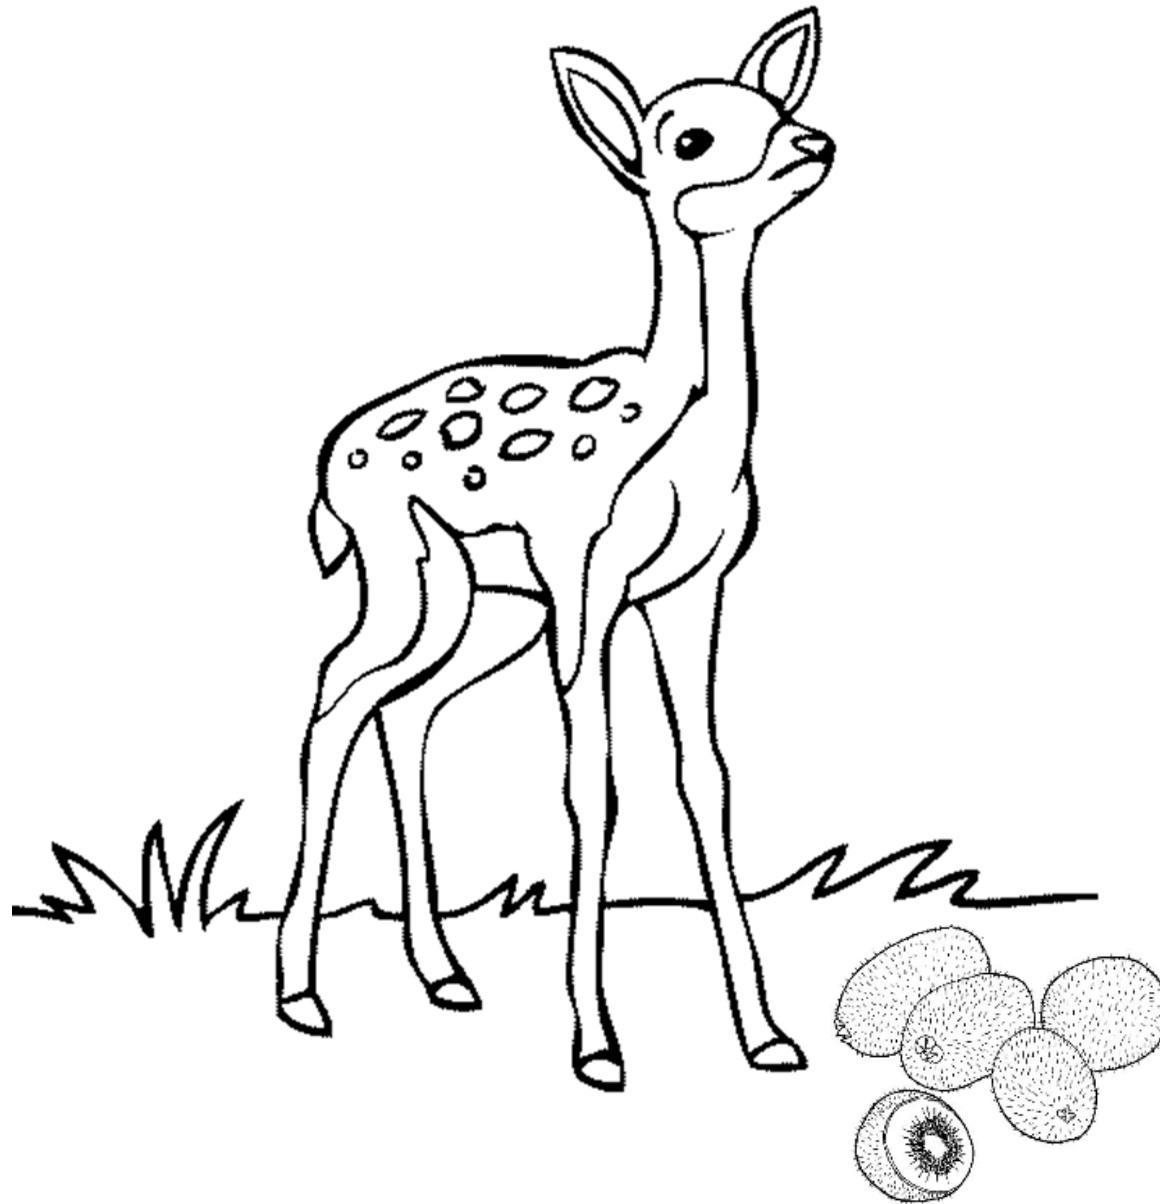

Mecredi, il a mangé trois pêches, mais il avait toujours faim!

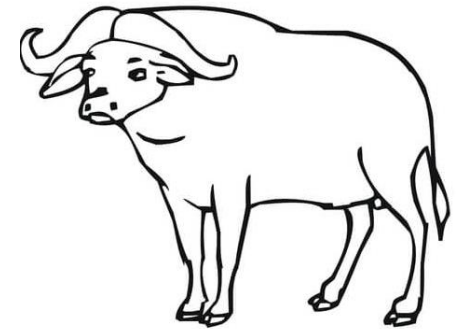

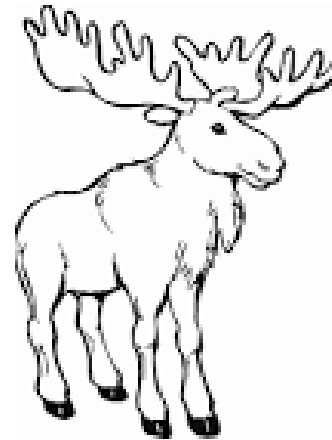

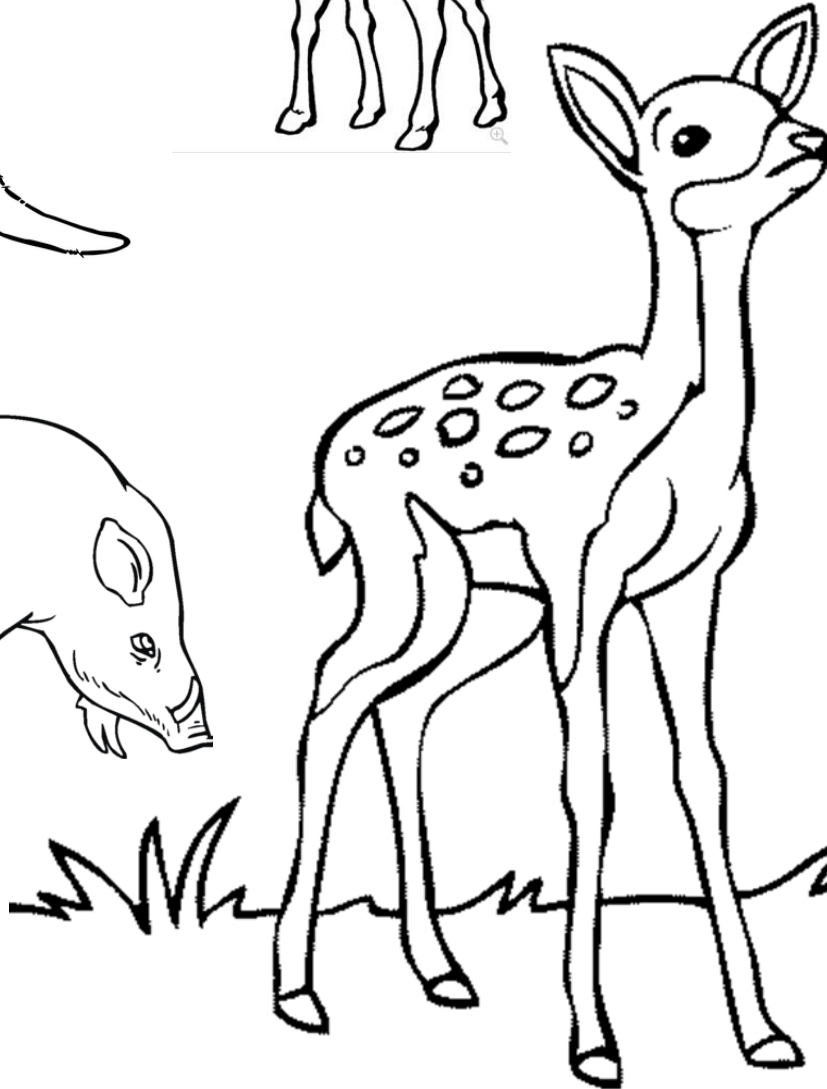

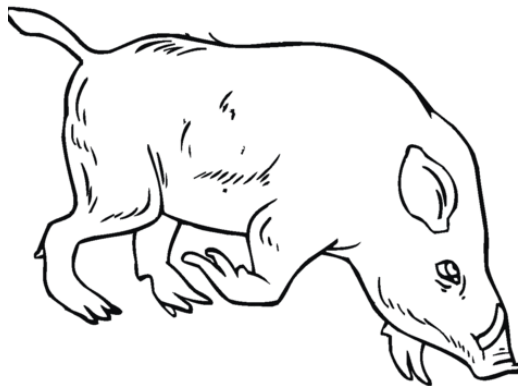

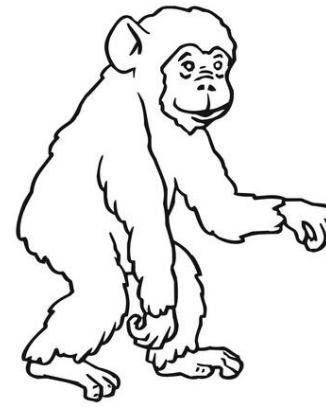

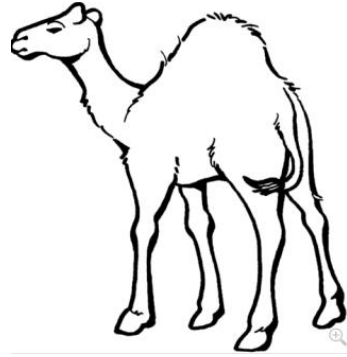

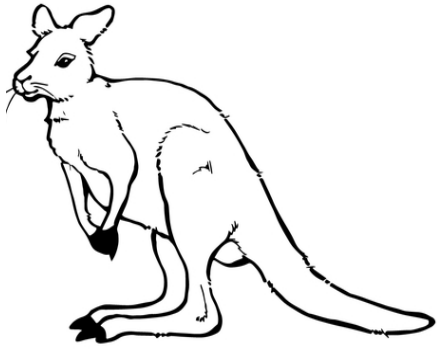

Jeudi, il a mangé quatre cerises, mais il avait toujours faim!

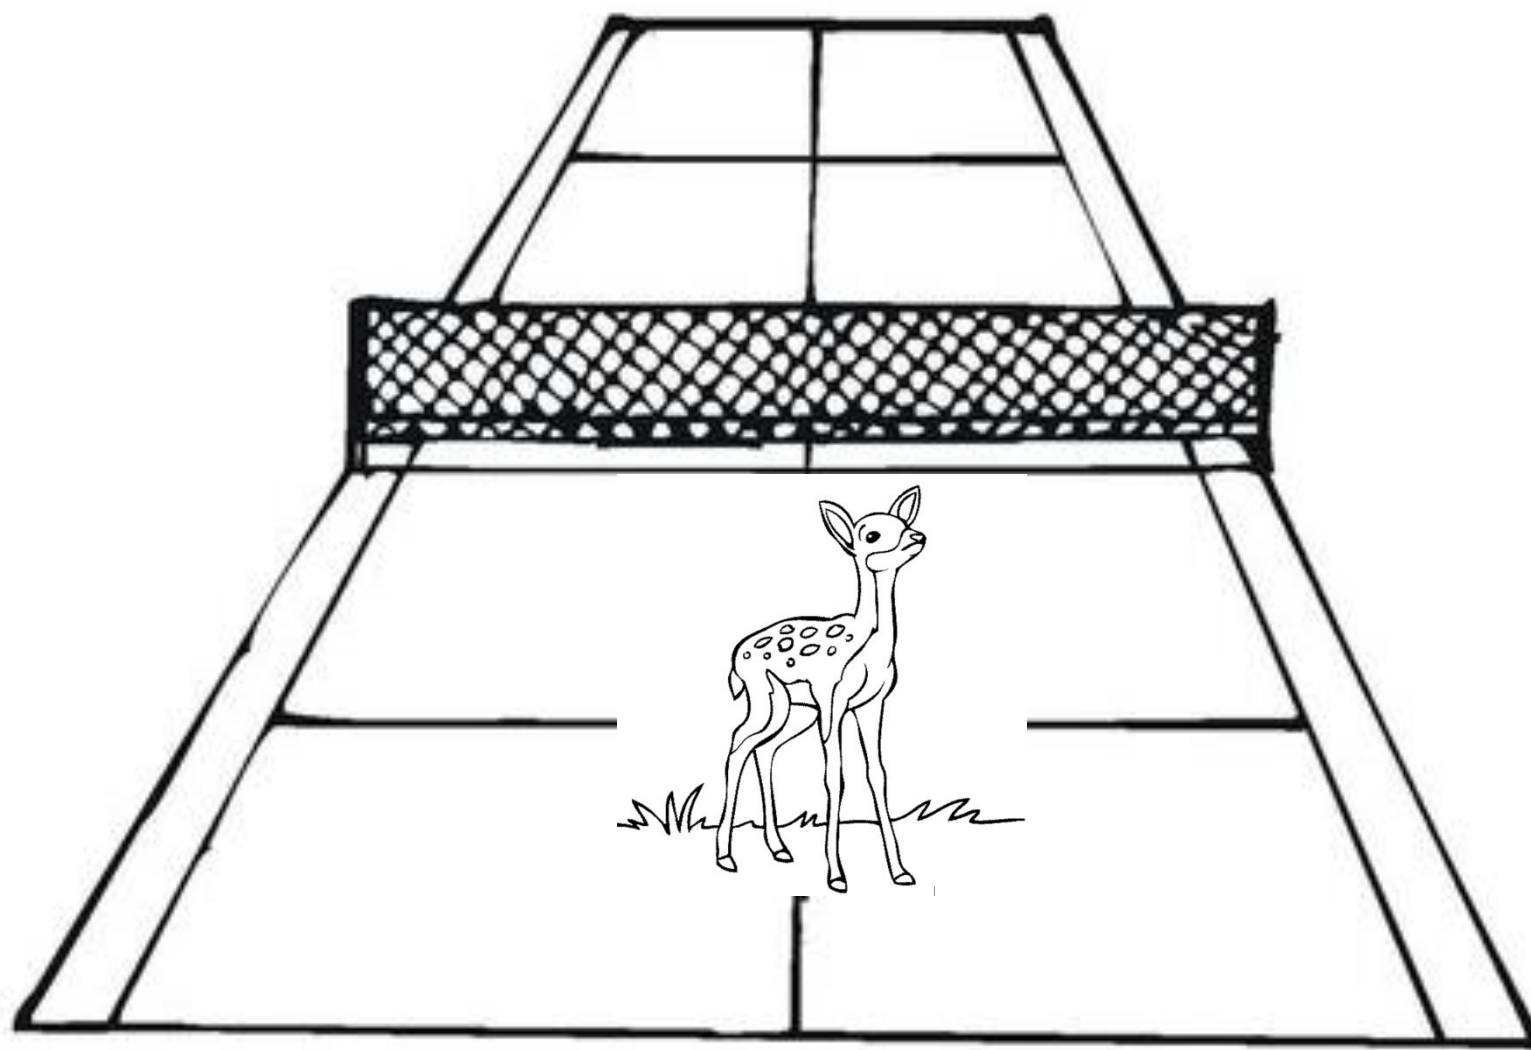

Vendredi, il a mangé cinq kiwis, mais il avait toujours faim!

Samedi, il a mangé un hippopotame, un chameau, un chimpanze, un élan, un kangourou, une hyène, un sandtur, un bison, un ours polaire...et un raisin!

Mais il avait mal!

Dimanche, il a joué au tennis!
